

- Color-coded capacities make identification easy.
- 100% of load carried on inside yarns. Damage to cover has no effect on strength, as it does on web slings.
- Choker hitch holds securely, yet releases easily.
- More flexible than nylon web slings with only half the stretch.
- Great strength, yet lightweight.
- Endless loop configuration is very versatile:
  - wear points can be changed at any time,
  - all three hitches can be used,
  - spreading the legs in a basket or choker hitch can improve balance.
  - doubling sling loops doubles lifting capacity.
